RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and remove dandruff. It is excellent for falling hair and will make hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

He Certainly Had Nerve.

The man is considerable of a bore. He was calling on a girl the other night and had stayed so long that she was somewhat fatigued. About midnight he began to talk about his health. "I'm not well," he said; "it's just my nerve that is keeping me up."

She couldn't resist the temptation. "That's what's keeping me up, too," she said.

A few minutes later he said he guessed he'd have to go.—New York Telegraph.

He Was Enlightened.

We don't approve of the impertinence, but perhaps in the following case the grouchy street car passenger got no more than he deserved. He had asked a conductor if he knew when a certain train left the North station, and on being answered in the negative he exclaimed offensively, "Why is it that this road employs so many farmers?" "Just to look after the cattle that travel on the cars," was the conductor's quick reply.—Boston Transcript.

Lightning Strikes Investigated.

The results of an exhaustive investigation of lightning strikes in the United States by the department of agriculture disposes of the notion that certain kinds of trees are immune from these strokes. It asserts that any kind of tree is likely to be struck by lightning. It shows that the Colorado plateau has more strokes than any other section.

Stretching Tight Fitting Shoes.

A tight fitting shoe can be stretched by filling it tightly with oats dampened in water and pressing some old paper in the top. The grain will quickly swell, and, as the leather will not be softened by the dampness, the shoe will be rapidly stretched. Allow time for the oats to dry before removing them.

Why this man bought a Remington Junior Typewriter

"I have been investigating several of the recent makes of machines, seeking for one of simple construction for ordinary manuscript and letter writing. I was nearly ready to buy a machine of another make when I just happened to see for the first time the Remington Junior, and found it to be the very thing I wanted."

The man who wrote this is the postmaster of a small Southern town. He is only one of thousands who have recently bought a Remington Junior. But his reasons apply to everybody—they apply to YOU.

The Remington Junior is our latest product and the latest idea in typewriting.

It is styled as a "grade machine."

It has the Remington Name, the Remington Guarantee, the Remington Quality—everything Remington except weight and bulk.

A "Simplified Remington" describes it exactly.

And its price is \$50.00

Remington Junior Typewriters will be sent "on examination," without obligation to purchase.

Easy payment terms can be arranged if desired.
